

BEFORE USING THE ENCLOSED SCHEDULES, PLEASE COMPLETE THE FOLLOWING:

Completing the steps below will populate the heading for each of the attached schedules.

1. Enter the City/Town Name:	Town of Kearny Tentative Budget
2. Select the Budget Year:	2022

Arizona Revised Statutes (A.R.S.) §§42-17101 and 42-17102 require cities and towns to prepare annual budgets on forms the Auditor General's Office developed. The official forms on Schedules A through G include all elements statute requires that the cities and towns **must** include in their budget. **Please note, a city or town may choose to add more information or detail than statute requires within the official budget forms.**

The budget form has a drop-down field to select the budget year and the instructions do not include specific dates as they are not issued annually. As used in these instructions, the term “**current year**” is the fiscal year in which the city or town is operating, and “**budget year**” is the fiscal year for which the city or town is budgeting. Cities and towns should use the budget schedules dated 4/19 for fiscal year 2020 and thereafter. As changes become necessary, we will post new forms on our website and notify cities and towns of the changes by email.

Linked instructions for completing the schedules are included on the Instructions tab. Links to the related instructions and specific line numbers or section titles have been included throughout the schedules (highlighted in light blue) to allow users to access the specific line instructions directly without the need to scroll through other instructions. An Instructions button is provided at the top of each schedule, unless no additional instructions are needed to complete that sheet. This button links to the first instruction for that schedule and users may scroll down to view all instructions for the schedule. **To return to the related schedule after reviewing the instructions, simply click on the schedule's tab at the bottom of the Excel screen or press the Alt and back arrow keys.** The schedules have been set to print without “objects” so that the instructions buttons do not print. The light blue highlighting will print and users may remove the highlights before printing if needed.

Protection/Unprotection of File:

Each spreadsheet within the file has been protected to prevent accidental deletion of formulas. When the sheet is protected, you can move from one cell to the next using the Tab key. A password was not assigned so the sheets may be unprotected to make minor formatting changes such as row height, column width, and font size. To unprotect an individual spreadsheet, select Protect/Unprotect Sheet from the menu.

You may need to add lines to Schedules C through G to accommodate all funds or departments involved. Remember to check all formulas in the subtotals and totals to ensure that any additional lines added are included, and make changes accordingly. Once changes have been made, the sheet should be re-protected by reversing the above process. Re-protecting the sheets will help ensure that formulas are not accidentally altered or deleted.

Printing Tips:

Schedule A can be printed on 1 page in landscape format with the "fit to 1 page wide by 1 page tall" option (Page Setup) selected. Schedules B through F can be printed in portrait format. Schedule G can be printed in landscape format. Schedules with multiple pages are formatted to print with the column headings on each page.

If you have any questions, please contact the Accounting Services Division at asd@azauditor.gov or (602) 553-0333.

Schedule	Reference	Instructions
Instructions	General Requirements	<p>Arizona Revised Statutes (A.R.S.) §§42-17101 and 42-17102 require cities and towns to prepare annual budgets on forms the Auditor General's Office developed.</p> <p>Cities and towns must prepare an annual budget for each department, public office, or official indicating the amount proposed to be spent from each fund. Budgets include estimated revenues and expenditures/expenses for the fiscal year and other information statute requires. For consistency, the budget should be prepared on the same basis used to prepare the fund financial statements. Fund financial statements are prepared on the modified accrual basis of accounting for the General, Special Revenue, Debt Service, Capital Projects, and Permanent Funds. Fund financial statements are prepared on the accrual basis of accounting for Enterprise and Internal Service Funds. Cities and towns are not required to prepare budgets for the Fiduciary Funds (Agency, Investment Trust, and Private-Purpose Trust Funds) because these funds represent assets the city or town holds for others. Annual budgets for Fiduciary Funds, while not required, may be prepared for internal management purposes.</p> <p>Some cities and towns under a voter-approved alternative expenditure limitation (home rule) should budget for Internal Service and Fiduciary Funds to include these expenditures in the expenditure limitation. <i>The Uniform Expenditure Reporting System (UERS)</i> allows cities and towns to exclude expenses paid from Internal Service Fund charges for services to other funds of the government as quasi-external interfund transactions on Part II of the Annual Expenditure Limitation Report (AELR). Likewise, expenses reported in Fiduciary Funds are excludable as trustee or custodian on Part II of the AELR. However, cities and towns operating under a home rule may not take exclusions unless specifically included in the voter-approved resolution adopting the home rule. Therefore, such expenses would be subject to the city's or town's expenditure limitation. For most cities and towns operating under home rule, the expenditure limitation equals the total budgeted expenditures/expenses for all funds as reported in the last column on Schedule A of the budget forms.</p> <p>Flexible budgets are frequently used for Enterprise and Internal Service Funds to provide dollar estimates that vary according to demand for the goods or services provided. Cities and towns that employ flexible budgeting for Enterprise and Internal Service Funds should include on Schedule A estimated financial resources and expenses at maximum expected activity levels to provide a "worst-case" expenditure limitation comparison in order to help ensure that the city's or town's total actual expenditures/expenses do not exceed its expenditure limitation. Likewise, Schedules C, D, E, F, and G should include amounts at maximum expected activity levels; and, budgets for reduced, present, or expanded levels of activity may also be incorporated in these schedules for use in internal financial planning and budgetary control.</p>
Cover	Heading	Enter the city/town name and fiscal year data on the cover sheet. This information will be automatically transferred to the resolution and subsequent schedules.
Resolution	General	The resolution is recommended to support the final adopted budget. It is not required by statute and does not have to be published. Cities and towns not imposing property taxes should revise the resolution to omit references to property tax levies.
Resolution	First paragraph	Enter the date the Council proposed the budget estimate and the city/town name.
Resolution	Second Paragraph	Enter the date the budget was adopted.

Schedule	Reference	Instructions
Resolution	Third Paragraph	Enter the date the Council set the primary and secondary tax levies.
Resolution	Fifth Paragraph	Enter the city/town name and the fiscal year.
Resolution	Sixth Paragraph	Enter the city/town name and the date the budget was adopted.
Resolution	Closing	Obtain the signatures of the Mayor and Clerk on the resolution.
A	Summary Schedule of Estimated Revenues and Expenditures/Expenses	This schedule should be completed after Schedules B through E are completed. The appropriate information from Schedules B through E will automatically populate Schedule A. After entering all amounts on Schedules B through E, use the Tab key to enter amounts in the remaining cells on Schedule A (Fund Balance/Net Position at July 1 of the budget year, secondary property taxes, and any other reductions such as any amounts for future debt retirement). Cities/towns should verify the final amounts for accuracy. The amounts from Schedules F and G are not carried forward to Schedule A because that information is already included in amounts on Schedule E by fund.
A	Line: Adopted/Adjusted Budgeted Expenditures/Expenses Current Year	Equals the total amounts for each fund type in the Adopted Budgeted Expenditures/Expenses Current Year column and the Expenditure/Expense Adjustments Approved Current Year columns on Schedule E.
A	Line: Actual Expenditures/Expenses Current Year	Equals the total amounts for each fund type in the Actual Expenditures/Expenses Current Year column on Schedule E.
A	Line: Fund Balance/Net Position at July 1 of the Budget Year	Enter the fund balance/net position for each fund type at July 1. Obtain fund balance/net position at July 1 from the accounting records to include all resources the city/town estimates it will have available at the beginning of the year such as cash, and receivables it expects to collect in the budget year. Fund balance should not include amounts that are not in spendable form (e.g., prepaids, inventories, and capital assets, net of related debt), or amounts legally or contractually required to be maintained intact (e.g., principal of a permanent fund).
A	Line: Primary Property Tax Levy Budget Year	The entire estimated revenue from the primary property tax levy in the General Fund is pulled from Schedule B.
A	Line: Secondary Property Tax Levy Budget Year	Enter the estimated secondary property tax revenues in the appropriate fund types. Record secondary property taxes for payment of principal and interest on general obligation bonds in the Debt Service Funds. Total property taxes to be levied in the budget year must agree with the corresponding amount on line 3.C on Schedule B. If the city/town does not levy property taxes and does not have special assessment districts for which property taxes are levied, check the box provided at the bottom of Schedule A and omit Schedule B.
A	Line: Estimated Revenues Other Than Property Taxes Budget Year	Equals the total amounts for each fund type in the Estimated Revenues Budget Year column on Schedule C.

Schedule	Reference	Instructions
A	Line: Other Financing Sources and (Uses) Budget Year	Equals the estimated amounts of other financing sources and other financing uses for the budget year for each fund type on Schedule D.
A	Line: Interfund Transfers In and (Out) Budget Year	Fund transfers in and out are the estimated amounts that will be transferred in or out of the fund type during the budget year. Interfund transfers are not expenditures, and the totals of transfers in and out for all funds must agree with the corresponding totals on Schedule D.
A	Line: Reduction for Amounts Not Available in the Budget Year	Resources may be reduced by certain amounts that will not be available to finance expenditures of the budget year. For illustrative purposes, Amounts for Future Debt Retirement, Future Capital Projects, and Maintained Fund Balance for Financial Stability have been included. Include a description on the blank lines provided to explain any additional reduction amount(s). Reductions must be entered as POSITIVE numbers for the formulas to calculate correctly.
A	Line: Total Financial Resources Available Budget Year	Equals the total of amounts available to be spent in the budget for the current fiscal year, in accordance with A.R.S. §42-17151(A)(1).
A	Line: Budgeted Expenditures/Expenses Budget Year	Equals the amount of money required for each item of expenditure necessary for city/town purposes, in accordance with A.R.S. §42-17102.
A	Line 1: Expenditure Limitation Comparison	Equals the total budgeted expenditures/expenses for the current year and budget year from the summary schedule above. The budget year also includes total other financing uses in the calculation.
A	Line 2: Expenditure Limitation Comparison	Enter the estimated net reconciling items for the current year and the budget year. Estimated net reconciling items for the current year may be obtained from that year's adopted budget. Estimated net reconciling items for the budget year may be determined by preparing an estimated AELR as part of the budgeting process.
